--	---

Description

Male, slightly emaciated figure with clearly visible spine. The head is clearly worked larger in relation to the body, while the legs are quite short. The arms rest against the body. The genital is not elaborated. The face is adorned with a very dominant nose, large eyes without pupils, and an open mouth with the corners of the mouth raised, which clearly reveals the teeth. The figure stands on a wooden base and figure embodies a male spirit being.
